

Kindergarten through Second grade, identify 3d shapes – draw for extra practice.

The 3D shapes included are:

★cube

★cylinder

★sphere

★cone

I spy a 3-D shape

@kawonjonesdotcom

Kindergarten through second grade find and identify example of 3-D shapes in your home and outside.

Mr. Jones would like for you scholar to find and identify these shapes in and around the house. Once they are located scholars with the help of a parent can upload the pictures of your scholar finding these 3-d shapes.

For extra practice your scholar can draw and trace these shapes as well as add color
